

The Jerry Davis Center Childcare and Preschool Invites you to our... OPEN House Thursday October 1, 2015

5:30pm - 7:00pm

Join us at the school to tour our classrooms, meet our teachers and talk about the exciting things happening in Early Education!

Our school is inclusive and uses a developmental approach to learning.

We accept *children* ages 3 months and up *of all abilities*, in our classrooms.

Founded as a special needs childcare, our staff is specially trained to care for and educate children with all developmental needs such as Autism, ADHD, Down syndrome, speech delays, cerebral palsy, and medical needs like diabetes and conditions requiring medication administration. Of course, we also cater to typically developing children in our low-ratio, high-energy learning environment. The school utilizes a State approved, evidence-based curriculum.

We are your local solution to family friendly, quality care for all children! We accept Community Childcare Solutions assistance.

Call (908)725-2266

For more information!

Our school is a proud participant in the GrowNJ Kids pilot program to increase the quality of childcare across the State! Our teaching team is receiving training on best practices and current early education practices in the country...
