Our programs consists of a seven-week day camp program, a residential program, and three weeks of extended summer day camp.

Extended hours are available for an additional fee.

## Residential Camp

Camp Jotoni operates a residential program that allows campers to experience all the fun of a sleep-away camp.

Campers reside in cabins according to age and gender.

## Extended Summer Camp

We are the only camp located in Somerset County to provide a full summer of service to campers and their families. The last day of our extended summer program is the Friday before Labor Day. This program is open to school age children, 5-21 years old.

**Camp Jotoni offers four respite weekends,** two before and two after the summer season.

These weekends provide families with a break from their full-time care giving responsibilities and give campers the experience of a weekend away from home.
