

## REASONABLE MODIFICATION STATEMENT

The Arc of Somerset County recognizes that disabilities are as diverse as the individuals they serve and recognizes the need to make reasonable modifications to its policies, regarding assistance offered to those receiving support from the agency.

Under Title II of the ADA, state and local governments are required to make reasonable modifications to policies, practices and procedures where necessary to avoid discrimination.

The Arc of Somerset County provides comprehensive services, supports and advocacy to individuals with intellectual and developmental disabilities and their families to promote growth, achievement and ongoing involvement in the community. As such, the agency makes every effort to see that vehicles are equipped to meet the physical needs of individuals served in our programs to access them.
