

Generations Will Feel the Impact...

THANK YOU!

With each cabin built, children and adults with special needs and their families will benefit from increasing Camp Jotoni's respite program to 12 months a year.

Respite care will expand beyond the 9 week summer, and overnight respite will be available more frequently to our growing list of campers and families.

Cabins 1 & 2 Demolition October 2019

Cabin 1 & 2 Construction March 2020

As comprehensive as our resources are, demand continues to outstrip our capacity...

For our campers, whether it is a Friday night out or a weekend get-away, the opportunity to experience time away from their family, as well as a much-needed break from a caretakers 24-hour a day care giving responsibilities can be highly restorative, if not transformative.

Cabins 1 & 2 Construction June 2020

By increasing Respite opportunities, parents and caregivers will have the chance to increase their support network to assist with the care of their child with a disability while allowing them to meet the needs of the entire family. For many families in New Jersey, respite and/or Camp are the **ONLY** services available to the to help with their loved one with a disability.

Thank You for Helping Us this year as we seek to raise \$800,000 to complete the Camp Jotoni Cabins 3 & 4 in order to continue to provide our campers and their families the facilities and respite they depend on each year.
